VIN 3GYFNBE36GS517777

Engine Model	LFX - SIDI, VVT, E85 MAX, Aluminum
Fuel Delivery / Fuel Injection Type	Stoichiometric Gasoline Direct Injection (SGDI)
Fuel Type - Primary	Gasoline
Valve Train Design	Dual Overhead Cam (DOHC)

The vehicle specification section assists you with better understanding your vehicle's standard and optional equipment, via VIN decode processing. These processes are generally reliable, and providers work to continually improve their decoding. However, different VIN decode processors may show different specifications. If you have questions, please check with your vehicle's manufacturer. Dealers/sellers also report installed option information, which is provided when available.

### Junk/Salvage/Total Loss

Source NMVTIS

This section discloses events related to events like junk, salvage and insurance total loss that have been reported to VINData History. Included are state DMV titles that show junk, salvage or similar brands, insurance total loss events and salvage auctions or junk yard disclosures. Events related to an auto dismantler, auto recycler or crush facility indicate that the vehicle has sustained major damage. A vehicle that has been received by a salvage auction or junk yard usually indicates major prior damage, however these entities also remarket undamaged vehicles. We recommend an inspection by a qualified mechanic.

Good news - no junk, salvage or insurance total loss events have been reported to VINData History.

### Title Information

Source NMVTIS

This section identifies this vehicle's current and historic DMV titles reported as issued by date, indicating the state and reported mileage. Title brands that have been reported to VINData History are shown in the "Title Brands Reported" section below. Each title record represents a new title holder, duplicate title, lien release or other title event. Odometer readings are generally recorded when a new title is issued. This information reflects the title information on file with NMVTIS. For more information, please contact the state of title. We recommend an inspection by a qualified mechanic.

Title Issued Date	State	Type	Event	Reported Odometer	Source
03/06/2026	Minnesota	Current	Title issued 3GYFNBE36GS517777	59,614	NMVTIS 
05/11/2016	Florida	Historical	Title issued 3GYFNBE36GS517777	18,157	NMVTIS 
09/15/2015	Florida	Historical	Title issued 3GYFNBE36GS517777	10	NMVTIS

VIN 3GYFNBE36GS517777

NHTSA ID:	21V473000
Consequence of Defect:	A loose toe link can separate and cause a loss of vehicle control, increasing the risk of a crash.
Defect Description:	General Motors, LLC (GM) is recalling certain 2010-2016 Cadillac SRX and 2011-2012 Saab 9-4X vehicles. The rear suspension toe link adjuster may not have been tightened properly, which could result in a loose toe link.
Manufacturer:	General Motors, LLC
Corrective Action:	Owners are advised to not drive their vehicle if they experience certain Malfunction Indicator Lamp (MIL) warnings or other issues, such as unusual steering behavior, while driving. Please see the Part 573 report for the full list of warnings. Dealers will replace the adjustable toe link with a non-adjustable one, free of charge. Interim owner notification letters were mailed August 6, 2021. Owner notification letters were mailed on October 25, 2021. Cadillac and Saab customers may direct questions to Cadillac customer service at 1-800-333-4223. GM's number for this recall is N212340980.
Notes:	Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to <a href="http://www.nhtsa.gov">www.nhtsa.gov</a> .
Potential Number of Units Affected:	380498
Recall Date:	06/24/2021

### Other Information

Source VINData History

This section discloses events related open liens, theft, towing and impound, inspections and other important events that have been reported to VINData Products. Certain events, like accidents reported to be severe and active theft events are flagged with a warning. We recommend an inspection by a qualified mechanic.

## NMVTIS Consumer Access Product Disclaimer

The National Motor Vehicle Title Information System (NMVTIS) is an electronic system that contains information on certain automobiles titled in the United States. NMVTIS is intended to serve as a reliable source of title and [brand](#) history for automobiles, but it does not contain detailed information regarding a vehicle's repair history.

All states, insurance companies, and junk and salvage yards are required by federal law to regularly report information to NMVTIS. However, NMVTIS does not contain information on [all](#) motor vehicles in the United States because [some states](#) are not yet providing their vehicle data to the system. Currently, the data provided to NMVTIS by states is provided in a variety of time frames; while some states report and update NMVTIS data in "real-time" (as title transactions occur), other states send updates less frequently, such as once every 24 hours or within a period of days.

Information on previous, significant vehicle damage may not be included in the system if the vehicle was never determined by an insurance company (or other appropriate entity) to be a "total loss" or branded by a state titling agency. Conversely, an insurance carrier may be required to report a "total loss" even if the vehicle's titling-state has not determined the vehicle to be "salvage" or "junk."

A vehicle history report is [NOT](#) a substitute for an independent vehicle inspection. Before making a decision to purchase a vehicle, consumers are **strongly encouraged to also obtain an independent vehicle inspection** to ensure the vehicle does not have hidden damage. The [Approved NMVTIS Data Providers](#) (look for the NMVTIS logo) can include vehicle condition data from sources other than NMVTIS.

NMVTIS data [INCLUDES](#) (as available by those entities required to report to the System):

- Information from [participating](#) state motor vehicle titling agencies.
- Information on automobiles, buses, trucks, motorcycles, recreational vehicles, motor homes, and truck tractors. NMVTIS may not currently include commercial vehicles if those vehicles are not included in a state's primary database for title records (in some states, those vehicles are managed by a separate state agency), although these records may be added at a later time.
- Information on "brands" applied to vehicles provided by participating state motor vehicle titling agencies. Brand types and definitions vary by state, but may provide useful information about the condition or prior use of the vehicle.
- Most recent odometer reading in the state's title record.
- Information from insurance companies, and auto recyclers, including junk and salvage yards, that is required by law to be reported to the system, beginning March 31, 2009. This information will include if the vehicle was determined to be a "total loss" by an insurance carrier.
- Information from junk and salvage yards receiving a "cash for clunker" vehicle traded-in under the Consumer Assistance to Recycle and Save Act of 2009 (CARS) Program.

Consumers are advised to visit [vehiclehistory.bja.ojp.gov](http://vehiclehistory.bja.ojp.gov) for details on how to interpret the information in the system and understand the meaning of various labels applied to vehicles by the participating state motor vehicle titling agencies.

## VINData Products Consumer Access Product Disclaimer

This report, and any reliance upon it, is subject to [VIN Data Terms Of Service](#). If you obtained the report from a dealer, lender, or other company, the company has been provided with these Terms and Conditions and can share them with you.

A vehicle history report is [NOT](#) a substitute for an independent vehicle inspection. Before making a decision to purchase a vehicle, consumers are strongly encouraged to also obtain an independent vehicle inspection to ensure the vehicle does not have hidden damage.

## Glossary

Information to help you better understand information provided to you in the VINData History report. Please see the report sections page, FAQ, terms of service and disclaimer for more information.

## General Terms

**Recalls:**  
The vehicle's manufacturer, or NHTSA (National Highway Traffic Safety Administration) has determined that the vehicle has a safety or other defect that can affect the vehicle's safety or driveability. Recalls can be repaired at no cost at a manufacturer's franchise dealership.

**Title:**  
Official state DMV document that identifies the vehicle, any lienholder and owner. Rules governing issuance are specific to each state.

**Junk or Salvage event (from NMVTIS):**  
Vehicle was seen at a junk yard, wrecker, dismantler or crusher, or seen at a salvage yard or salvage auction. These vehicles can range from inoperable to fully driveable with little or no actual damage.

**Odometer Reading:**  
Distance (in miles or kilometers) that the vehicle has traveled. Over time, the mileage reported should increase. Many vehicles are driven 10,000-15,000 miles a year; others more or less.

**Event Date or Date Applied:**  
Date the event was reported to have occurred.

## Data Sources

Your VINData History report checks for and reports information from the following high-quality data sources. Please see our report sections page, FAQ, terms of service and disclaimer for more information.

# Specialty Vehicle History Report

## 2016 CADILLAC SRX

VIN 3GYFNBE36GS517777

VINData History Reports for auto dealers and other commercial users provide Manheim Market Report (MMR) values. MMR is the premier indicator of wholesale prices. MMR helps users research vehicle values quickly and easily. Valuations are based on millions of wholesale transactions from the previous thirteen months, and are refreshed each night. For additional details, please see "MMR Under the Hood" on Manheim.com.

Dealers and other commercial uses: please contact us to get MMR values added to your reports.

The National Motor Vehicle Title Information System (NMVTIS) is an electronic system that provides consumers with valuable information about a vehicle's condition and history. Prior to purchasing a vehicle, NMVTIS allows consumers, dealers, wholesale auctions, vehicle lenders and insurers to find information on the vehicle's title, most recent odometer reading, brand history, and, in some cases, historical theft data. See NMVTIS Consumer Access Product Disclaimer

EveryCarListed.com has one of the best and most affordable auto lead programs available. The auto leads are generated across our expansive network of 100+ sites and a reach of 12 million unique visitors a month. They have a unique approach to delivering quality leads to your dealership and your bank/credit union. Auto dealers and banks/credit unions across the country have enjoyed the ROI their unique affordable approach to delivering VIN-specific leads.

Upstream Inspections utilizes proprietary technologies with over 100 years of combined automotive experience to provide a transparent and independent bridge between buyers and sellers. Our condition reports include detailed descriptions with pictures of existing cosmetic issues as well as identify prior major damage and repairs. Our technicians are trained to NAAA standards to identify damages and previous repairs that may not be visible to untrained eyes.

We continue to enhance our technologies to give our clients the most detailed and accurate information and history.
